from PDS in respect of levy sugar allotments from July, 2000 onwards.

Monthly allocation of imported RBD Palmolein is being made as per the demand intimated by States/UTs w.e.f. February, 2000. The basis of allotment to the beneficiaries through the PDS outlets is fixed by the States/UTs themselves.

Allocation of kerosene is made on histrocial basis i.e., past years supplies plus additional allocation out of increase given at national level. Possible increase is given out of the additional availability at the country level, in accordance with a formula under which higher allocation out of additional quantity, is given to States with lower per capita availability so as to reduce inter-state disparity over a period of time. The distribution of kerosene and its monitoring within the State is the responsibility of concerned State Government. Government of India has insisted upon the State Governments identifying ration card holders having LPG connections for discontinuance of supply of kerosene to them under PDS.
